1 Overview

The Solution Best Practices takes you through the various aspects covering the insights of Syndigo Best Practices, PIM Solution Key Focus Areas, and Best Practices followed in Data Modelling, Data Governance, and Data Integration.

Note that this journey is designed with a Tell Me, Show Me, and Try Me learning format, so that you get the maximum benefits.

2 Objectives

After successfully completing this course, you should be able to:

- Understand the overview of Syndigo application solution best practices, and the PIM retail manufacturing distribution solution approach.
- Understand the summary of all the key solution areas in PIM.
- Understand the data model constructs and packaging hierarchy relationship model.
- Understand the best practices followed in Business Rules, Business Conditions, Product Behaviour, and Boundaries.
- Understand the System Integration Landscape, Integration Building Blocks, and Integration Pattern.

3 Duration

The course duration is 143 minutes.
